

February 27, 2019

Georgia Lovell, Counselor,

Peter E Hyland Center

Dear Ms. Lovell,

The Evening Pilot Club of Baytown has scheduled its annual "Salute to Youth" Night for Tuesday April 23 2019, at 7:00pm, at Rollingbrook Fellowship (formally First Baptist), 505 Rollingbrook Drive, Baytown, Texas. As part of our youth area service projects, we recognize senior students in our area who have achieved through leadership, academic good standing, who practice good citizenship or have overcome personal crises and have achieved in spite of those crises. We are seeking students who are "average" in all aspects of life. They should be students who might not otherwise be recognized for their achievements.

A Certificate of Achievement and a \$750.00 scholarship for the college or trade school of the student's choice will be presented to the student selected by the counselor/representative from each school. The invitation for attendance to this event is extended to the student, his/her family, friends and the person selecting the student. We would appreciate the introduction of the student be made by the person making the selection, so that the student is comfortable having his/her achievements acknowledged. If the person selecting cannot attend, please send someone who will introduce the student and tell why he or she was chosen for this award. Letters of invitation will be sent to the student through each school.

Attached is a biographical sheet, which must be completed and returned to me via email at littlebit60@yahoo.com as soon possible; but no later than Friday April 5, 2019. This will ensure the correct information and spelling when sending a publicity notice to the local newspaper and in preparing the invitations and program. Please ask the student to provide legible information and as much information as possible.

We are proud to honor senior students who might not otherwise be recognized for their achievements and good citizenship. It is important that these students who strive to overcome hardships, practice good citizenship in the community and have average grades be recognized for their hard work. We hope to encourage other students to achieve; yet remain average.

As soon as the student is chosen, please contact me so that invitations may be sent. Should you have any questions, please call me at 281-691-9122, or email me at littlebit60@yahoo.com prior to the April 5, 2019 deadline. Thank you for assisting us in recognizing this "average" student.

Sincerely,

Angie Hudman

Youth Coordinator, 2018-2019
Evening Pilot Club of Baytown, Texas, Inc
