

Dear Goose Creek CISD Families,

In order to ensure our families receive proper notification of district-wide and campus-specific messages (via email, phone and text), we ask that you access the Parent Portal and ensure all contact information is correct as soon as possible.

Click the link here [Parent Portal Contact Info Update](#) for the instructions on how to update your contact information. As an aside, if you hit “unsubscribe” at the bottom of each SchoolMessenger email, it will block all emails from the district.

If you need assistance with your username or password, please contact your campus office. The list of campuses can be found here: [Campus List](#) .

Thank you for your continuous support of the district.
