

ALL STUDENTS must have a pass or they will be sent back to class.

Before school and during their lunch are the only exceptions.

Passes are used to document visits to the clinic and are all I have until I have the time to put them in the computer.

↑ I FILL THIS OUT ↑

➤ **Date & Time Are A Must**
I track how long students are "delayed" getting to clinic from class.

➤ Please include **your** name and room # so I can contact you if needed

➤ Please send the **FULL** slip, so I can use the top portion for documentation and the lower portion to send your student back to class

➤ A **NEW** pass must be used for each visit. Please do not send students to me with the lower portion from a previous visit.

➤ Students are **not accepted** between classes without a pass. They are instructed to see their next teacher for a pass.
