

Please help us keep your child safe by making sure your emergency contact information is up to date. If your child has a medical condition that needs attention at school, feel free to call the nurse at (281) 420-4560 ext. 60010.

For the health of all students, please keep your child home if they have vomiting, diarrhea, or a fever over 100.0°F the night before or the morning of school.

- Students may return when they have been fever-free for 24 hours without medication and free of vomiting or diarrhea for 24 hours.**
- Any signs of contagious illness (such as pink eye, impetigo, or an unexplained rash) should be checked by a doctor, and a doctor's note is required for return.**

Allergies or Medical changes

Please notify the nurse of any allergies or medical changes during the school year. A yearly doctor's note is required for food or milk allergies, along with a treatment plan. If your child has an injury or recent surgery, a doctor's note is needed to excuse them from PE or strenuous activity.

Injury or Surgery

If your child has an injury or recent surgery, a doctor's note is needed to excuse them from PE or strenuous activity.

Immunizations

Goose Creek CISD follows the Texas Department of State Health Services recommendation for immunization compliance in order for a student to attend school. The law requires that all students be as up to date as medically feasible in order to attend classes.
