

New Teachers

Teachers new to the campus are required to attend GCCISD New Teacher Orientation. In addition, the new teacher will be assigned a “Buddy” or “Mentor” depending on the number of years’ experience they have.

New teachers to IMPACT will be given resources to educate them about Early College High Schools, the unique goals and setting of an ECHS, and other pertinent information.

If applicable teachers responsible for teaching dual credit classes will attend Lee College Professional Development and Training sessions.
