Composite Index for Need of Printing Materials by Census Tract

Data Sources: U.S. Census Bureau, Housing & Community Development Department, and the City of Houston GIS

Disclaimer:
All data is prepared and made available for general reference purposes only and should not be used or relied upon for specific applications, without independent verification.

The City of Houston neither represents, nor warrants the data accuracy, or completeness, nor will the City of Houston accept liability of any kind in conjunction with its use.

Produced: 10/5/2020

This composite index estimates the level of needs by census tract for printing materials based on five factors:

1. Disability ratio;
2. Renter ratio;
3. Old age dependency ratio;
4. Internet subscription ratio;
5. Contains at least one LMI block group.

This index values the needs from 0 to 5, where 0 represents low need, and 5 represents high need.
