Overview

The purpose of this guideline is to establish a uniform process for ordering technology and maintaining an updated inventory record for all GCCISD technology items. The Technology Department recognizes the precedence of the GCCISD guidelines, as outlined in the Administrative Guidelines. This procedure is designed solely to extend the district guidelines to meet the specific needs of Technology. It should not be interpreted as independent of or superior to the district guidelines.

The Technology Department is responsible for overseeing the district's technology integration along with all technology infrastructure and purchases.

The Technology Department works closely with campuses and departments to assist and support questions or concerns related to the technology purchasing demands and comply with the district technology standards.

Department Contacts

The Technology Department is here to help with all your technology requests. If you have any questions about Technology purchases, contact:

Mary Garcia, CTSBO

Phone: 281-420-4499 extension 73210

Email: mary.garcia@gccisd.net

Contact Name	Title

District Technology Standards

Goose Creek CISD is a technology-rich district. The CTO and Technology Services Director have set in place district standards for the purchase of technology equipment. The Technology Department has those standards posted on its website at: <https://schools.gccisd.net/page/tms.Standards>

Technology Standards

Best Use	Work Load	Part #	Description	Estimate
Multi-Function	Medium (42 ppm)	DCP-L5650DN	Brother DCP-L5650DN Business Laser Multifunction Copier Functions include: Copy, Print, and Scan. (Duplex, Networking)	██████

Quotes

A quote will need to be obtained from the vendor by the requestor, or the requestor can submit a Technology work order requesting a quote for those specific items, whichever is preferred.

Items not listed on the district standards; the requester can obtain a quote from any awarded vendor that provides the best pricing or quality. Examples include toner, accessories like keyboards, mice, webcams, speakers, headphones, and some iPad accessories. For any questionable items, contact the Technology Department for review.

NOTE: All quotes must have an approved Purchasing Co-op contract or District issued contract reference listed and uploaded with the requisition submission.

Further Approvals

If any item is not a standard district item, a detailed email and explanation requesting the item will need to be sent to the Technology Department for further approval. Detailed information includes the item and its purpose, who is requesting it, and how it will be utilized.

Apple Requirements:

- Before entering a requisition, the requestor must have an official quote from Apple.
- All iPad purchases must have a case and be shipped to the Technology Center. Requestors must order the district standard Logitech case for the standard entry-level iPads.
- Requisitions must be identical to the quote and must include the Engraving details along with the Apple quote number and contract reference.
- iMacs, iPads, and AppleTVs must include a five-year JAMF licensing per device.
- Apple products must be purchased from APPLE; no third-party vendors will be approved.

Requisition Entry

When creating a requisition, select the requisition type and then press the Continue button. On the next screen, enter the vendor information first. Once the vendor is entered, select the category for the purchase. See the images below.

Ship-To-Location

Under the ship-to-location field, select Technology Center if the purchase needs to be placed under inventory. The Technology Department has set a \$300 dollar amount requirement for inventoried items.

Examples of these items include iPads, printers, desktop scanners, laptops, computers, portable laptop monitors, TV displays, AppleTVs, document cameras, cameras, projectors, phone headsets, etc.

All other accessories, toner, replacement cases, headphones, stylus, and chargers, can be shipped to the warehouse or directly to the campus. Once the ship-to location is selected, continue the requisition entry by clicking the Add Line Items button.

Technology Budgets

Five different budgets classify technology purchases. If the quote has multiple items at different pricing and equipment, each line item must be charged to the correct budget. All technology will have an Object code of 6396, and the local option is where the change will be made.

6396-00 = Technology items that do not need to be inventoried and typically have a unit cost of less than \$300 dollars per item. These items do not need to be shipped to the Tech Center. Under this budget, a technician is not required to configure or install them.

6396-01 = Ink cartridges\toner that will not ship to the Tech Center.

6396-02 = All printers will be shipped to the Tech Center for inventory and installation.

6396-03 = Technology items that do need to be inventoried and typically have a unit cost equal to or greater than \$300 dollars per item. These items need to be shipped to the Tech Center, which includes entry-level iPads and AppleTVs. Under this budget, a technician is required to configure or install them.

6396-04 = The initial Technology Software licensing purchase. New software platforms/programs will need to be reviewed for compatibility of Single Sign On integration and district compliance with the Data Privacy Agreement and 3rd Party Risk Analysis.

Additional information can be reviewed on the following website about Data Privacy Agreements and 3rd Party Risk Analysis.

<https://schools.gccisd.net/page/tms.cybersecurity?tab=Data%20Governance>

Contracted Services/Maintenance Support

6249 = Any software annual subscription renewals, maintenance, upgrades, or software support renewals.

6299 = Technology purchases with installation/labor and the on-site or online training

Examples: Relocation of Promethean Panels, additional Data Network drops, software\equipment support training hours.

Special Instructions

Once all line items are entered, on the last line item under the Special Instructions field, the quote number, along with the Purchasing Co-op contract or District issued contract reference, will need to be listed. See the example below.

The screenshot shows a web interface for creating a requisition. At the top, there are tabs for 'Create Requisition' and 'Line Items'. Below this is a section titled 'Traditional Requisition Line Items'. There are several radio button options for 'Show' (Yes/No) and 'Split' (Yes/No). Below these are checkboxes for 'Install?', 'Freight?', 'Tax?', and 'Type?'. The main part of the interface is a table with columns: 'Save as Fav.?', 'Authorize Freight Charges', 'Quantity', 'Vendor Stock Number', 'Unit of Measure', 'Long Description', 'Justification', 'Special Instructions', 'Unit Price', and 'Unit Dscnt.'. The table contains six rows of items, all with a quantity of 1.00 and a unit price of 0.00. The last row is highlighted in yellow. Below the table is a section for 'Requisition Attachments' with an 'Upload' button. A blue arrow points from the 'Special Instructions' column of the last row to a yellow box containing the text 'Quote: 2211171600' and 'DIR-TSO-3789'.

Save as Fav.?	Authorize Freight Charges	Quantity	Vendor Stock Number	Unit of Measure	Long Description	Justification	Special Instructions	Unit Price	Unit Dscnt.
<input type="checkbox"/>	<input checked="" type="checkbox"/>	1.00	MJQK3LL/A	Each	Magic Keyboard			0.00	0.00
<input type="checkbox"/>	<input checked="" type="checkbox"/>	1.00	HLS52LL/A	Each	JAMF PRO 1Y			0.00	0.00
<input type="checkbox"/>	<input checked="" type="checkbox"/>	1.00	HLS52LL/A	Each	JAMF PRO 1Y			0.00	0.00
<input type="checkbox"/>	<input checked="" type="checkbox"/>	1.00	HLS52LL/A	Each	JAMF PRO 1Y			0.00	0.00
<input type="checkbox"/>	<input checked="" type="checkbox"/>	1.00	HLS52LL/A	Each	JAMF PRO 1Y			0.00	0.00
<input type="checkbox"/>	<input checked="" type="checkbox"/>	1.00	HLS52LL/A	Each	JAMF PRO 1Y			0.00	0.00

PO and Receiving Process

Once the requisition has been approved, a Purchase Order (PO) will be created and emailed to the requisitioner. The requisitioner will then forward the PO to the vendor for processing.

NOTE: ONLY Apple Purchase Orders will not be sent to Apple for processing by the requisitioner. All Apple PO(s) will be sent to Mary Garcia for processing.

If the order is shipped to the Technology Center, once delivered, a receiving process will then take place. The Technology Department will receive the delivered items assigned to that PO in TEAMS. A work order will be created for inventory, installation, and delivery.

Note: Items will not be delivered immediately once received. This will take a few days to complete depending on the item's needs (inventory, setup, or imaging), and then installation/delivery will take place.

Technology Items

Some technology items can be coded to a general supply 6399 budget and under the \$300 technology budget 6396-00.

For example, laptop stands, iPad cases, stylus, etc. Those items are used for technology equipment; however, they are not technology. If coded to the 6396-00 budget, technology will approve and will consider them accessories. However, if coded to the 6399-00 budget, approval will be at the discretion of the purchasing department.

If you have any questions or need guidance making purchases, the Purchasing Department can be reached at the contact information listed below.
