STUDENT WORKFORCE CONNECTION

Vision: Prepared through a workforce partnership between GCCISD and local businesses, students will graduate with work experience and employability skills that will enable them to seek and maintain employment in our community.

After a decade of scrimping on education funding, the nation found itself crippled by skills shortages. People fell over a lot too.

STUDENT WORKFORCE CONNECTION

GOALS:

- 1) Help students build employability skills through paid, unpaid, and district paid internships through collaboration between worksite supervisors and district faculty members.
- 2) Help businesses recruit highly motivated student employees who have training and/or interest in a related career.
