

## DUAL CREDIT PROGRAM

Dual credit is the process by which a high school student enrolls in a college course and receives simultaneous credit for the course from both the college and the high school. GCCISD funds the cost of dual credit tuition and the textbook for dual credit courses that are approved and taken during regular school hours. For dual credit courses taken during regular school hours, a nonrefundable fee in the amount of \$50 (*regardless of the number of dual credit courses taken during the school year*) must be paid to Goose Creek CISD. GCCISD will fund the remainder of the tuition/fees as well as the cost of the textbook(s).

To enroll in a dual credit course, the student must complete a series of steps involved in the registration process. One of these steps includes parental permission to enroll in a dual credit course through Goose Creek CISD. To be eligible to receive high school credit for a dual credit course, a GCCISD student must have first met with his/her high school campus counselor and received written approval through the counselor to take the course and written approval from the parent/guardian for the student to register for the course. This process requires the completion of the GCCISD Dual Credit Registration Form with all required signatures. A student will only be eligible for high school credit if a GCCISD Dual Credit Registration Form is completed, with all required signatures, before enrolling in the college course. This includes dual credit courses taken during the summer months and after school hours. **Dual credit courses taken outside of school hours (e.g., evening hours, summer) will not count towards academic class rank.**

Prior to enrolling in a dual credit course, please be advised of the following important information:

- To be eligible to receive high school credit for a dual credit course, a GCCISD student must first meet with his/her high school grade-level counselor and receive written approval from the counselor to take the course and written approval from the parent/guardian to register for the course.
- To register for a dual credit class, a student must meet established academic criteria, which may involve taking the TSIA2 Assessment. The student must also complete all required college documents and GCCISD documents before the deadline date.
- Grades are confidential and are only available to the student unless the student signs a FERPA release form through the college.
- Students are required to use the college's online learning management system and student information system. It is the responsibility of the student to access the systems and learn how to use them.
- Nine-week report card grades are not provided.
- For dual credit courses taken during regular school hours, the tuition and textbooks for the first time the course is taken are at no cost to the student. If a student drops or does not pass the course, then he/she is responsible for the cost of tuition, fees, and books if the course is repeated.
- The cost of tuition/fees and textbooks for dual credit courses taken during the summer months or after school hours is the responsibility of the parent/student.
- Dual credit courses may meet two to five times per week on GCCISD campuses or the college campus. Dual credit students will follow the College calendar and are responsible for attendance and assignments in college classes even when the school district is not in session.
- Some dual credit courses may contain subject matter that is of an adult nature.
- A letter grade will be recorded on the permanent college transcript.
- A numeric grade will be recorded on the permanent high school transcript.
- Students who receive a final grade below a "C" will not be allowed to progress to other dual credit courses without repeating the failed course successfully and/or completing an appeal.
- Students with disabilities must complete the required paperwork and meet with the college's access center to be considered for accommodations. This is the student's responsibility.

## GCCISD-APPROVED ACADEMIC DUAL CREDIT COURSES

College Course	Course Number	College Semester Credit Hrs.	High School Course	High School Credit	PEIMS Service ID#

Gray Shaded-Student may take either ENVR 1401/1402 OR BIOL 1406/1407. A student may not take both Environmental Science 1401/1402 AND General Biology 1406/1407. Orange Shaded-A student may take one set or the other but not both course sets. Blue Shaded-A student may take one set or the other but not both course sets. Green Shaded-A student may take one or the other but not both courses. Pink Shaded-Designated Edgenuity supplemental coursework must be completed for credit. The economics teacher is responsible for overseeing the completion of Edgenuity coursework.

## DUAL CREDIT HIGH SCHOOL GRADE CONVERSION

- Dual credit teachers may be GCCISD teachers who serve as college adjunct professors or non-GCCISD employees who are college professors.
- If a dual credit course does meet enrollment requirements, please be aware that there is a chance that a student may be placed into a course that does not carry weighted credit.
- Every effort will be made to place a student in a comparable course with weighted credit.
- Because Dual Credit courses are college-level and taught by college-approved instructors, students with disabilities must meet with the Counselor for Students with Disabilities at the college to be considered for course accommodations.
- Prior to withdrawing from a college course that is taken during regular school hours, it is the student’s responsibility to first discuss this matter with his/her high school counselor to determine if space is available in a comparable high school course. Also, certain restrictions and consequences regarding withdrawing from a college course are in place. Contact the college’s dual credit office for more information.

### Dual Credit High School Grade Conversion Chart For Dual Credit Courses Only

***Due to the rigor of college courses a high school student takes for dual credit, the following chart will be used to convert college credit courses to high school credit courses for students taking a dual credit course in Goose Creek CISD. All dual credit courses must be approved by the student’s counselor for enrollment. Courses taken outside of the school day are not eligible for high school grade conversion.***

- ***This chart does not supersede college policy for prerequisite courses that students are required to master before entering the subsequent course. Students are expected to pass prerequisite courses with a C or better to enroll in the course.***
- ***Effective Fall 2022***

College Grading Scale		GCCISD Conversion Scale	
A	90-100	Grade earned	
B	80-89	Grade earned	
C	75-79	Grade earned	
C	70-74	C	74
D	60-69	D	70
F	59 and below	Grade earned
